## Commodore's Report

Hello All,

Hope everything is well with everyone!

What happened to the year! It seems like yesterday we were waiting for summer to show up and then "BAM" .....we are planning the Christmas and New Year's events for the club! Check out the calendar or the website for event details.

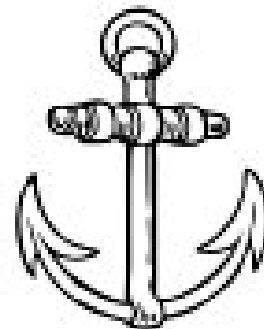

As you know when we move from one year to the next it is time for a new executive to take over. This year, more than ever, we need people to step forward as most of this year's executive will be retiring. The current executive consists of people who have served anywhere from 2- 10 years of great service and it is now time for other members to get involved.

This is a very positive move as with new people coming in it will bring fresh ideas to the table. Being a part of the executive is very rewarding. I have thoroughly enjoyed being involved for the last 9 years. The executive and sitting positions are open to everyone, no matter how long you have been part of the club.

I strongly urge all our members to give this some serious consideration as CBYC will need support moving forward into the new year. Please feel free to give me a call to discuss further.

Your Sincerely,

*Oscar Kristoff*  
Commodore.

## Notice of Special General Meeting

By now you should have received your notice of the Special General Meeting to be held on Monday November 19<sup>th</sup>, 19:00 hours at the clubhouse. If you were in attendance at the AGM in January you will recall that the resolution for the \$100 assessment passed but the resolution for the \$100 per year increase was put aside until further review. The understanding at the time was to review the financial picture part way through the year. If it was deemed necessary, we would hold a Special General Meeting to discuss and vote on the annual increase. This would avoid the administration of another assessment. The executive decided to delay the General Meeting for as long as we could to obtain accurate financial data. After reviewing this data we feel it would be irresponsible not to bring this resolution back to the membership at this time for discussion and voting.

As per our constitution, this is the only topic we will be discussing during this meeting. Proxy voting is not possible, you will need to be in attendance to have your voice heard in this very important matter.

The Annual General Meeting will still take place in January.

## A Message from Eva - Staff Captain

I would like to thank all of our many friends at the club for all of their kind emails and support over the past few months when Darryl became ill so suddenly. All the lovely cards that were sent to him in hospital as well as flowers all the phone calls I received that I couldn't always return, but I did get your messages.

Thank you to all that attended the Celebration Of Darryl's Life at CBYC on July 25<sup>th</sup> the love and kindness was overwhelming. I know he was sitting up at the bar watching in awe of all the many friends he had there that day. Special thanks to my dearest friends Rich and Joan Erickson for all their love and support of just being there for Darryl and myself through this very difficult time we are among the lucky ones to have found such friends in this lifetime.
